

INDEMNITY

I understand and acknowledge that Mosepele Hiking Club [MHC] is a collective of amateur hiking enthusiasts who undertake hikes and walks on a regular and voluntary basis. I therefore understand that during such hikes, walks or other activities organized by MHC in which I participate voluntarily, certain risks and danger may arise. Such risks and dangers may, without limiting the generality thereof, include attacks by animals, injury caused by forces of nature, accidents and illness.

I acknowledge that in the event of any such attack, injury, accident or illness occurring, MHC bears absolutely no responsibility to me for the risk that I voluntarily assumed by participating in any particular activity of MHC.

I on behalf of myself and my heirs, assigns and minor children agree as set out above; hereby release and indemnify MHC and agree to hold MHC harmless and free of all and any blame and liability for any accident, injury, illness or damage related to or arising out of any MHC event I participated in, including any claim that MHC was negligent; and release any person associated with MHC who provides assistance, advice or aid during an event from all liability for any act or omission in connection with such provision, including any claim that such person was negligent
